1. Your Local School Database

This document contains 28 schools in the Kikuyu and Kabete constituencies of Kiambu County, plus nearby high-value targets. All contacts were collected from publicly available sources including teacher.co.ke, kenyaplex.com, private-schools.co.ke, and individual school websites.

Schools are organized by constituency and marked with priority ratings. Start with HIGH priority schools first — they have the most students and budget.

Quick Start: High Priority Schools (Visit These First!)

13 schools are marked HIGH priority based on student count, school type, and likelihood of having budget for digital management systems.

Subject: *Helping [School Name] digitize with SkulHub - Free 30-Day Trial*

Dear [Principal Name],

I hope this finds you well. My name is [Your Name] and I am a local entrepreneur based in Kiambu County. I have built SkulHub - a complete school management system designed specifically for Kenyan schools.

Having grown up in this area and knowing the challenges schools in Kikuyu and Kabete face, I designed SkulHub to help schools like [School Name]:

- Collect fees via M-Pesa Daraja (STK Push - parents pay from their phone)
- Track attendance in real-time - no more paper registers
- Generate KCSE-format report cards with your school letterhead
- Give parents a portal to check fees and grades online
- Manage 33+ modules: students, staff, exams, library, transport, health, hostel, timetable, and more

I would love to visit [School Name] and give you a free 15-minute demo. I am available any day this week.

In the meantime, you can try it free for 30 days at skulhub.co.ke:

- School Code: SKH-2024-001
- Email: admin@skulhub.ac.ke
- Password: admin123

Would [Day] at [Time] work for me to come by?

Best regards, [Your Name] SkulHub Founder Phone: 0742 340 924 Email: info@skulhub.co.ke Web: skulhub.co.ke
