Marketing & Revenue Strategy

12-Month Growth Plan for the Kenyan Education Market

Version: 1.0

Date: August 2026

Prepared by: SkulHub

Website: skulhub.co.ke

Phone: 0742 340 924

1. Executive Summary

SkulHub is a comprehensive school management system built for the Kenyan education market. This document outlines the marketing strategy, pricing model, revenue projections, and growth plan for the first 12 months of operation.

The target is to acquire 35 schools within 12 months, generating KES 175,000/month in recurring revenue (KES 2.1M annually). The strategy focuses on direct school visits, WhatsApp group marketing, Facebook advertising, and a referral program offering 15% commission.

2. Market Analysis

2.1 Target Market

Kenya has over 30,000 primary and secondary schools. The target market for SkulHub is private schools, which have the budget and decision-making autonomy to adopt digital management systems. There are approximately 8,000 private schools in Kenya.

2.2 Competitor Landscape

Competitor	Strengths	Weaknesses	SkulHub Advantage
EduManage	Established brand	No M-Pesa, no CBC, limited modules	33+ modules, M-Pesa Daraja, CBC support
ClassCharts	Attendance focus	Not built for Kenya, expensive	Built for Kenya, affordable, parent portal
Manual Systems	Free	Error-prone, time-consuming, no analytics	Saves 10+ hours/week, real-time analytics
Excel/Google Sheets	Flexible, free	No multi-user, no automation	13 roles, auto-invoicing, M-Pesa

3. Pricing Strategy

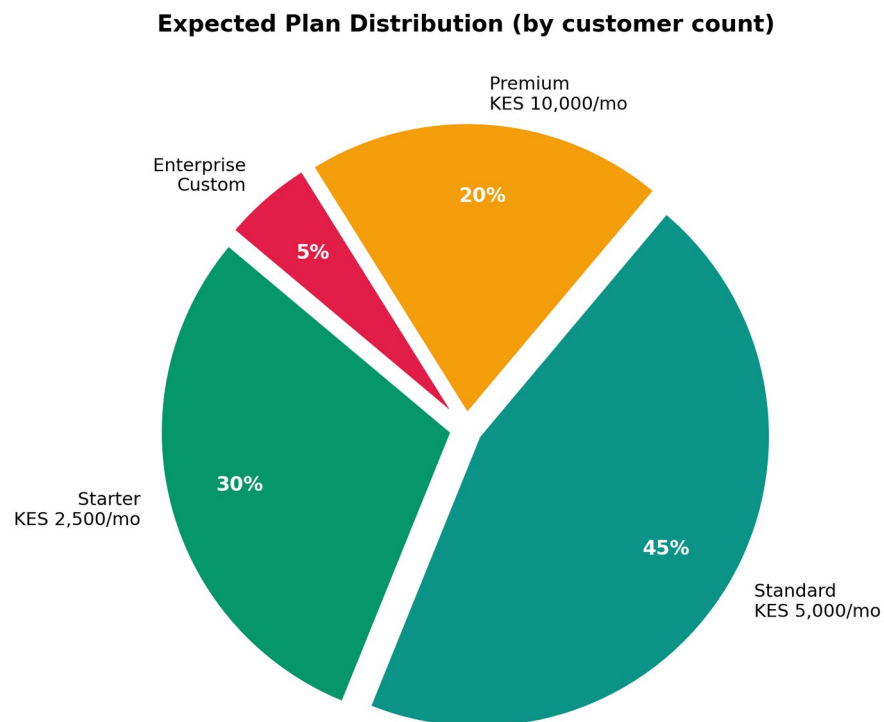

SkulHub offers 4 pricing tiers designed to accommodate schools of all sizes, from small primary schools to large secondary institutions.

Plan	Monthly (KES)	Annual (KES)	Students	Key Features
Starter	2,500	25,000 (2 months free)	Up to 200	All 33+ modules, 5 users, parent portal, email support

Plan	Monthly (KES)	Annual (KES)	Students	Key Features
Standard	5,000	50,000 (2 months free)	Up to 1,000	20 users, SMS notifications, priority support, data migration
Premium	10,000	100,000 (2 months free)	Unlimited	M-Pesa Daraja, dedicated support, custom branding, API access
Enterprise	Custom	Custom	Unlimited	On-premise, SLA, custom development, dedicated manager

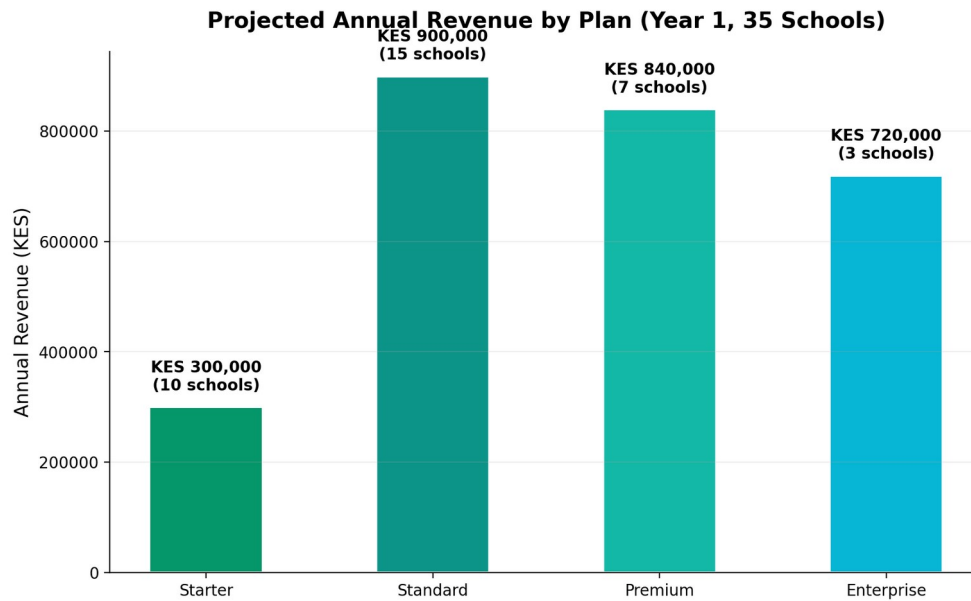

3.1 Expected Plan Distribution

Based on market research and competitor analysis, the expected distribution of schools across pricing plans is projected as follows:

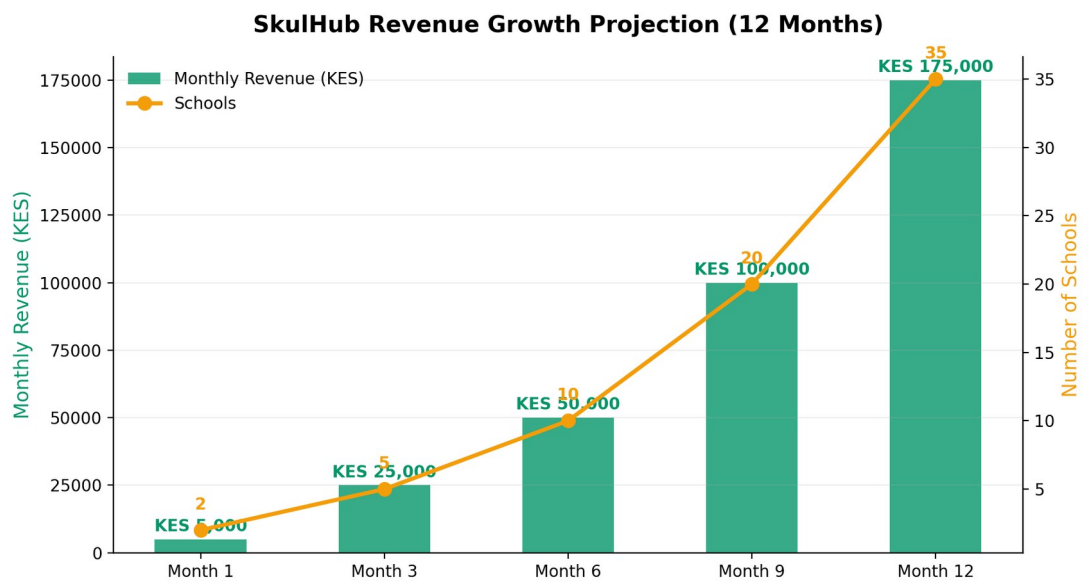

3.2 Annual Revenue by Plan (Year 1 Projection)

With 35 schools in Year 1, the projected annual revenue by plan:

4. Revenue Projections

The following chart shows the projected revenue growth and school acquisition over 12 months:

4.1 Monthly Revenue Breakdown

Month	New Schools	Total Schools	Monthly Revenue (KES)	Cumulative Revenue (KES)
Month 1	2	2	5,000	5,000
Month 2	3	5	12,500	17,500
Month 3	5	10	25,000	42,500

Month	New Schools	Total Schools	Monthly Revenue (KES)	Cumulative Revenue (KES)
Month 4	3	13	32,500	75,000
Month 5	4	17	42,500	117,500
Month 6	3	20	50,000	167,500
Month 7	5	25	62,500	230,000
Month 8	3	28	70,000	300,000
Month 9	4	32	80,000	380,000
Month 10	1	33	82,500	462,500
Month 11	1	34	85,000	547,500
Month 12	1	35	87,500	635,000

Note: Monthly revenue varies based on the mix of Starter (KES 2,500), Standard (KES 5,000), and Premium (KES 10,000) plans. The Year 1 total projected revenue is approximately KES 635,000, with a run-rate of KES 87,500/month by Month 12.

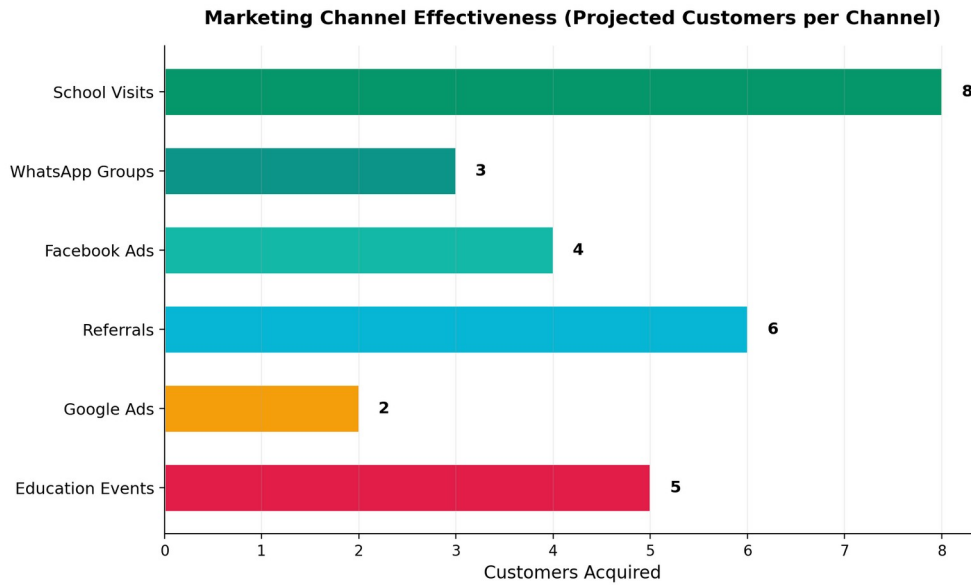

4.2 Year 2-3 Projections

Metric	Year 1	Year 2	Year 3
Total Schools	35	80	150
Monthly Revenue (KES)	87,500	200,000	375,000
Annual Revenue (KES)	1,050,000	2,400,000	4,500,000
Referral Commission Paid (KES)	157,500	360,000	675,000
Net Revenue (KES)	892,500	2,040,000	3,825,000

5. Marketing Strategy

5.1 Marketing Channels

The following chart shows the projected customer acquisition by marketing channel:

5.2 Channel Breakdown

Channel	Cost (KES/mo)	Expected Customers/yr	Cost per Customer	ROI
School Visits	500 (transport)	8	KES 750	High
WhatsApp Groups	0 (free)	3	KES 0	Very High
Facebook Ads	3,500	4	KES 10,500	Medium
Referrals	1,500 (commission)	6	KES 3,000	High
Google Ads	1,000	2	KES 6,000	Medium
Education Events	5,000 (per event)	5	KES 12,000	Medium

5.3 12-Month Marketing Calendar

Month	Focus Area	Activities	Budget (KES)
Month 1-2	Foundation	Social media setup, Google My Business, content creation	5,000
Month 3-4	Direct Outreach	Visit 10 schools, join WhatsApp groups, email campaigns	10,000
Month 5-6	Paid Advertising	Facebook ads, Google ads, flyer distribution	20,000
Month 7-8	Partnerships	Education consultants, referral program launch	15,000
Month 9-10	Events	Attend KESSHA, KAPE, education fairs	30,000
Month 11-12	Retention & Growth	Customer success, upsell to higher plans, annual contracts	10,000

6. Sales Script

6.1 Opening (30 seconds)

"Good morning! I'm [Your Name] from SkulHub. We've built a complete school management system designed specifically for Kenyan schools, with CBC support, M-Pesa fee collection, and a parent portal. I'd love to show you how it works in just 10 minutes."

6.2 Demo Flow (10 minutes)

- Show the dashboard (2 min) - real-time stats, 410 students, KES 3.6M billed
- Add a student (2 min) - show how fast admissions work
- Generate an invoice (2 min) - show the fee structure and auto-generation
- Record a payment (2 min) - show auto-receipt with school letterhead
- Show the parent portal (1 min) - parents check fees on their phone
- Show report cards (1 min) - KCSE-style printable reports

6.3 Close (30 seconds)

"You can start your free 30-day trial today, no credit card needed. Your school code will be ready in 2 minutes. Would you like me to set that up for you right now?"

6.4 Objection Handling

Objection	Response
We already have a system	SkulHub integrates M-Pesa and CBC, most systems don't. Can I show you the difference in 5 minutes?
It's too expensive	At KES 2,500/month for 200 students, that's KES 12.50 per student. One late fee saved pays for the whole year.
We need to think about it	Absolutely. Start the free trial, test it with real data for 30 days. No commitment.
Our staff isn't tech-savvy	The interface is designed for non-technical users. I'll personally train your team, free for the first session.
We're worried about data security	All data is encrypted and stored on secure cloud servers. We use the same security as banks.
Can we get a discount?	Yes! Annual billing gives you 2 months free. And if you refer another school, you both get 1 month free.

7. Referral Program

SkulHub's referral program incentivizes existing customers and education consultants to bring in new schools. Referrers earn 15% commission on every referred school's monthly subscription, for as long as the school remains a customer.

7.1 Commission Structure

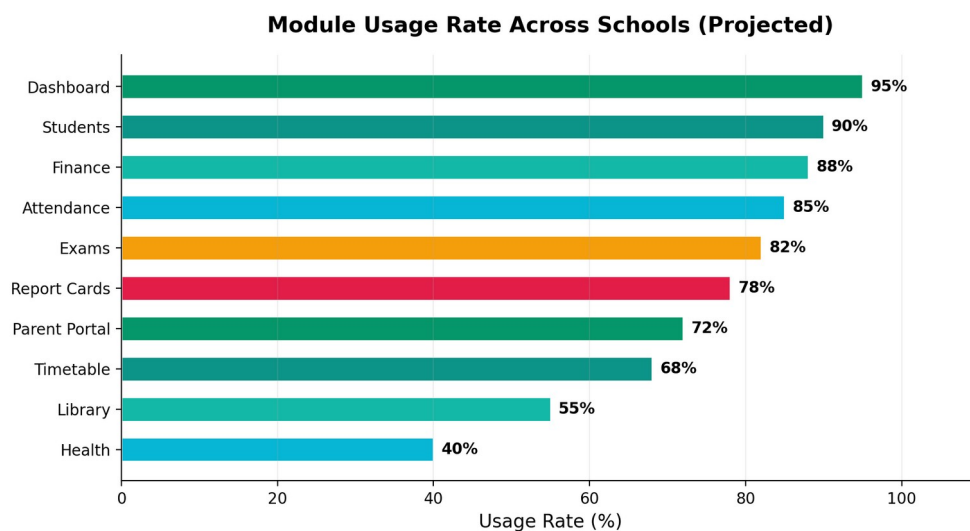

Plan	Monthly Subscription	Commission Rate	Monthly Commission	Annual Commission
Starter	KES 2,500	15%	KES 375	KES 4,500
Standard	KES 5,000	15%	KES 750	KES 9,000
Premium	KES 10,000	15%	KES 1,500	KES 18,000
Enterprise	KES 20,000+	15%	KES 3,000+	KES 36,000+

7.2 Example Earnings

- Refer 1 school on Standard plan: KES 750/month (KES 9,000/year)
- Refer 5 schools: KES 3,750/month (KES 45,000/year)
- Refer 10 schools: KES 7,500/month (KES 90,000/year)
- Refer 20 schools: KES 15,000/month (KES 180,000/year)

8. Module Usage Analytics

The following chart shows the projected module usage rate across all schools on the platform:

9. Key Performance Indicators (KPIs)

KPI	Month 3 Target	Month 6 Target	Month 12 Target
Total Schools	10	20	35
Monthly Revenue (KES)	25,000	50,000	87,500
Free Trials Active	5	8	10
Trial-to-Paid Conversion	60%	65%	70%
Customer Churn Rate	< 5%	< 3%	< 2%
Average Revenue per School	KES 2,500	KES 2,750	KES 2,857
Referral Signups	2	6	12
Support Response Time	< 4 hours	< 2 hours	< 1 hour

10. Risks & Mitigation

Risk	Impact	Likelihood	Mitigation
Slow adoption by schools	High	Medium	Free 30-day trial, free training, personal demos
Competitor price war	Medium	Low	Focus on value (M-Pesa, CBC), not just price
Internet connectivity issues	Medium	Medium	Offline mode (future), mobile-first design
Data security concerns	High	Low	Encrypted storage, SSL, regular backups
Staff turnover at client schools	Medium	High	Easy onboarding, documentation, video tutorials
Economic downturn	High	Low	Flexible pricing, Starter plan at KES 2,500/mo
